

To the Most High, Puissant and Illustrious Prince Albert Edward,
Prince of Wales &c &c &c

May it please your Royal Highness,

We the Larina Band of the Ojebway Tribe of
the aborigine of North America hereby most profoundly to
approach your Royal Highness and to offer to you a cordial
welcome upon visit to this portion of the dominions of your
Royal Mother.

When we heard that our great Mother the Queen
had sent you as Her Representative to visit Her Canadian
people, our hearts were made glad, and we rejoiced that an
opportunity would be afforded to us of approaching your
Royal Highness and of conveying through you to our Great
Mother this our humble expression of the sincere loyalty and
affectionate attachment which we Her Red Children entertain
for Her.

Your Royal Highness is no doubt well aware that
the Ojebways of Canada have always been true and loyal
to the British Crown and that in times of peril and strife
they raised the war cry and fought and bled in defence
of the rights of their sovereign and that although now very
small and few in numbers when compared with our
white Brothers, yet we feel ourselves strong in our rights
and as ready as heretofore if circumstances should
ever require us to take up arms in defence of our hearths
and fires against the foes of our Country.

We pray that the health and life of your Royal
Highness may be spared that you may enjoy a long
be protected by the great Spirit from all evil and
danger during your visit to America and that
you may enjoy a long life of peace, happiness and
prosperity and after this life an eternal weight of
glory.

Signed in behalf of the Band at
Larina Reserve this 27th day of Aug 1860

W Brawanora 1st Co.
