Dear mother; -

Received your cards and letters this morning. Some sports I'm thinking. I thought Prof. would have a fit after I read your letters. I felt so sore - to think that I was not there to go to, I couldn't get over it all the morning. He thinks I am very selfish. He tried to tell me that I was off on a trip & then he'd laugh. O, I was so sore -

Well, aside from all jokes, I am glad that you went & I hope you had a good time & enjoyed the trip & that there was nothing to worry you. I know I am all right as far as I am concerned. I wrote at once & told you about receiving the parcel I thank you again. I wore the dress yesterday everybody thinks it is so pretty. This will be all for to-day you will likely be home by the time this letter gets there

Sincerely  
Aggie
