

Indian Office.

Sarnia, July 26, 1862.

Sir,

The Wesleyan Methodist Society having through the President of the Conference expressed their willingness to continue the management of the Mount Elgin Industrial School, I am instructed to inform you that the Department is desirous to assist them in carrying out the undertaking, and to request that your board will continue their support, in order that it may be ascertained whether by some improvements in the system and management of the Institution, more satisfactory results may be obtained than have been heretofore.

You will therefore please have the subject discussed in Council at your earliest convenience and let me know the result.

I am Sir,

Your obedient Servant
Frederick Telford

U.S.A

P.O. John S. Thomson

Mt. David B. Wawamesh.

Sarnia.
