

Sarnia Sept 8th 96
Mrs Sands

As I am one
of your neighbours, and though you
did not know what Mr Wells was
doing, I was calling and while these
Miss Weaver called they were talking
about you. Mr Wells has been to
two lawyers Hanna and Lester
they both advised him to make
the will his sisters. As it was
his father and mother's land and
he got nothing they told him that
such a will could not stand in
Canada so they say, he will
make it the lawyers told him
his children or wife could
break it if it was ten years from
now the head man or chief of
the Indians, told me the
Indian wills are made
so a will in Sarnia could
not teach, & I don't, I don't
so I thought you had better now
I am your friend he is a hard
& that to deal with
advice with your uncle
talk to him for he will
tease you bad of
your friend
