My Dear Brother

In respect to the Land, I have a claim for at Godwin's I sent in a Petition to the Governor General accompanied by your Certificate as to my claim being well founded, to which I received no answer, but having lately seen our Superintendent J. G. Anderson Esq I spoke to him concerning the same, and as the matter I suppose had been refused to him, he tells me that the greatest difficulty that lays in the way is that the Government intend to give you for the whole of the said Land, & that you regularly receive the annuity stipulated for the same, that now the matter cannot be attended, but Mr Anderson advises as the most equitable plan that you should allow me during my natural life a sum of two hundred dollars yearly - and that you continue to receive the annuity for the whole as usual, as the Government do not feel disposed to make any alterations in the arrangements they have entered into with you - I therefore will

Willingly

willingly agree to give up all further claim  
to the said Lands, on your agreeing to pay  
to me yearly the sum of above mentioned  
with my best wishes for yourself & your  
family - I remain my Dear Brother

Affectionately

Yours  
his
