

Charham. Apr. 27. 08.

Dear Julia :-

Do you think you could help us out a little more. We want you to lease our lot ^{40 acres} and Charlie's 22 acres, we have just the use of his (Charlie's) for two yrs. get as much more than forty dollars ^{per year} as you can, but if you cannot get more than the forty, for one year, take it. Edward says, get Mr Wilson Jacobs to help you. Of course

I will want the privilege of attending to my wood and Charlie to clean up his land. Amelia's 18 acres will be fenced off. Just lease it for 1 year. Edward has written the above pencil writing (but I suppose you know his writing) Julia I found this card today which I gave Grace to post. I'll just enclose

it and you can erase it and use it as it has not been through the post.
