Dear Mr George, Many thanks
for the lovely basket. It is so
bright and cheery in color. On
"Labor Day" I took it on a
pic-nic to Maysville Park and
we had a very nice time. When
I first saw it I thought how
well I ever fill as large a one but
I found it just right as it took
over

THE ADDRESS TO BE WRITTEN ON THIS SIDE

in all I had to carry and there
was no looking around to see if
I had left anything behind as
every thing went in the one basket
so you see how very handy and
useful it is going to be for my
pic-nics and grocery shopping.
The paper says a cold wave is
on the way. How short the Summer
has been and now its time to think
of storm windows etc. My two
young roomers have found them-
selves an apartment so I'll be
having some new people. Again
