

Samia 17th April 1869

According to the understanding made
by the Earl of Elgin late Governor General
of Canada, that in case of death should take
place in me, before my wife Eliza Wawanosh,
that she shall have a pension for life, out
of my salary I receive from the Indian
Department, and wish that she shall be
looked after, and secure her pension -
after my decease

Joshua Wawanosh
